Nettle Creek Congregation's Story

Connecting with God ourselves, and then helping others to be connected to God. These were a part of the Nettle Creek Congregation's story that came out in the June 8 Special Called Council Meeting. It is also a part of our challenge to us for today. As we prayerfully prepare for the July 27 Council meeting, let us keep our ears open for the heartbeat of our congregation, and the purpose God has in mind for us today.

Thought About Service

Never allow the thought, "I am of no use where I am." You certainly can be of no use where you are not.
 - Oswald Chambers
