

Women - Three words you should never forget:

Get. Your. Mammogram.

At Reid Hospital’s Breast Center, they encourage women to celebrate each birthday by making sure they’ll have many more to celebrate—by getting a mammogram. This screening is the best method of early detection of breast cancer, and the earlier it is detected, the better chance for successful treatment and cure. They’ve made the process more comfortable with soft robes, warm pads and soothing music. They’ve also added pre-registration, evening hours and reduced waiting time. Call 765-983-3358 to schedule your mammogram. Also, stop by the Reid lobby the first Wednesday of each month for “Women on Wednesdays,” an information-packed event designed around your busy life.

A Pastor’s Parking Space

A pastor was having difficulty with his assigned parking space on the church parking lot. People parked in his spot whenever they pleased, even though there was a sign that clearly said, “This space reserved.” He thought the sign needed to be clearer, so he had a different sign made, which read, “Reserved for Pastor Only.” Still people ignored it and parked in his space whenever they felt like it. “Maybe the sign should be more forceful,” he thought. So he devised a more intimidating one, which announced, “Thou shalt not park here.” That sign didn’t make any difference either. Finally, he hit upon the words that worked; in fact, nobody ever took his parking place again. The sign read, “The one who parks here preaches the sermon on Sunday morning!”
